Quality Insurance made simple

What is an Insurance Backed Guarantee/Deposit Indemnity?

Insurance Backed Guarantees and Deposit Indemnity provide additional peace of mind and reassurance to householders. An Insurance Backed Guarantee insures the homeowner should the installer cease to trade and an Insured fault arise on the installation during the policy period, subject to the terms and conditions of the policy.

GGFi is pleased to provide you with information regarding the requirement for businesses to become registered with us. Please read all the details very carefully.

GGFi is recommended by Fensa, Assure, Certass and The Guild of Master Craftsmen, and you can be confident we will provide you with the necessary backing and support to make registering with us much easier. Send your completed GGFi application back to us and we will ensure it is processed as quickly as possible. Please be aware however that applications normally take between 2 and 4 weeks to complete. Though this does depend on the information provided back to us.
